As an avid kettle bell trainer I understand the importance of learning the fundamentals first. I also know that there is a process to work up to the bigger challenges and to keep pushing through to the end of a goal. I approach all areas of life with this perspective and coding is no different.

EXPERIENCE

General Assembly | New York, NY | 6/2017 - 9/2017

Built strong foundation of web development basics including MVC frameworks, object-oriented programming database models. Developed several independent projects and one team project using various languages.

Bike Messenger | New York, NY | 9/2014 - 6/2017

Picked up and delivered packages across Manhattan and Brooklyn. Planned best routes for multiple destinations and quick travel.

JR Investment Properties | Detroit, MI | 11/2012 - 5/2014

Identified properties with potential ROI. Worked with designers and contractors to execute renovations on time and on budget. Placed tenants, managed properties and maintenance issues.

Smith Street Tattoo | Brooklyn, NY | 8/2010 - 11/2012

Managed daily operations including maintaining appointment books, client interaction and general upkeep from open to close.

Breakaway Courier | New York, NY | 10/2009 - 8/2010

Dispatched to multiple locations to pick up and deliver in Manhattan. Maintained work flow and on time service with good navigation.

Whole Foods Market | TX & NY | 8/2006 - 8/2009

Started as front end cashier associate in Houston, Texas. Transferred to New York store to work on delivery team. Kept clear communication with in store team for efficient operations.

Starbucks | Houston, TX | 9/2004 - 8/2006

Opened and managed new location in downtown Houston. Responsible for daily opening, handling the fast pace during heavy morning rush, preparing store for evening shift manager.
